SAPS Limpopo joins in prayer and renews commitment to safer communities

Provincial Commissioner of the Police in Limpopo, Lieutenant General Jan Scheepers, urged communities to become active partners in the fight against crime by reporting criminal activities.

Police members from different parts of Limpopo Province converged in numbers during the National Prayer Day held at Pentecostal Christian Fellowship Church in Mamone Village.

JANE FURSE

The Provincial Commissioner of the Police in Limpopo, Lieutenant General Jan Scheepers, has on Friday 25 September 2026, led the National Prayer Day at the Pentecostal Christian Fellowship Church in Mamone Village, under the Jane Furse policing area.

The gathering brought together other stakeholders, including MEC for Transport and Community Safety in Limpopo, Nakedi Kekana, police officials, traditional and community leaders, faith-based organizations and members of the community in prayer, reflection and renewed commitment to the fight against crime.

Among those in attendance were Kgoshi Malekutu Mmampuru, Sekhukhune District Municipality (SDM) Acting Executive Mayor Cllr Orginia Mafefe, Makhuduthamaga Local Municipality (MLM) Acting Mayor Cllr Eric Mosoane, Deputy Provincial Commissioners, district leadership, provincial heads and other stakeholders.

Outlining the purpose of the day, Deputy Provincial Commissioner for Policing Major General Lesiba James Mashilo, reminded stakeholders that prayer must be accompanied by a firm commitment to the policing mandate. Quoting Galatians 6:9, he encouraged those gathered not to become weary in doing good and to remain steadfast in faith.

Addressing the prayer event, Lieutenant General Scheepers reminded police officers that policing is fundamentally about servanthood, courage and commitment.

He urged communities to become active partners in the fight against crime by reporting criminal activities, refusing to harbour criminals and supporting victims.

"The police cannot fight crime alone," said Lt Gen Scheepers, reaffirming the commitment of Limpopo Provincial Management to visible, ethical and accountable policing. He further cautioned that action would be taken against members whose conduct brings the police uniform into disrepute.

"God gives us strength, but He also expects us to remain disciplined, courageous and committed to doing what is right," he added.

In her keynote address, MEC Kekana honoured police officers who have lost their lives in the line of duty and recognized the courage required of members who place themselves in danger to protect others.

She called for collective action to protect young people from criminal activities and to confront the scourge of gender-based violence and femicide (GBVF).

"Faith without works is dead," said MEC Kekana, calling on all stakeholders to turn their prayers into meaningful action in their communities.

Kgoshi Malekutu Mmapuru commended the police for the work they continue to do, both on and beyond their official duties, in keeping communities safe.

SDM Executive Mayor meets traditional leaders, pledges to fix resourcing gap and fast-track Ga-Phaahla Road

SDM Executive Mayor, Cllr Minah Bahula, addressing traditional leadership at Kgaola Mafiri Municipal Hall in Jane Furse.

JANE FURSE

The Executive Mayor of Sekhukhune District Municipality (SDM), Cllr Minah Bahula, has moved to strengthen relations with traditional leadership, following a high-level engagement with the Executive Committee (EXCO) of the Local House of Traditional Leaders and KhoiSan Leadership, held on Thursday 28 September 2026 at Kgaola Mafiri Municipal Hall in Jane Furse.The meeting, led by Kgoši M Maila – 'Ngwato a Molo', alongside Kgošigadi 'Hunadi A Bauba' Phasha, Kgoši M. N, 'Hlabirwa a Mmaswi' Tisana, and Kgošigadi M.R 'Kgetša Mabjane' Malepe, discussed matters affecting the functioning and resourcing of the Local House. The Department of Cooperative Governance, Human Settlements and Traditional Affairs (CoGHSTA) was represented by its Sekhukhune Secretary, MC Maputla.

During the engagement, the Local House of Traditional Leaders and KhoiSan raised serious concerns regarding the lack of adequate budgetary resources and support to carry out its mandate.The committee noted that during a benchmarking exercise in areas such as Mopani District, other Local Houses are comparatively better resourced than Sekhukhune.

The Local House appealed to the Executive Mayor to escalate these concerns to CoGHSTA under the newly appointed Limpopo MEC, Pule Shayi. It further called for the strengthening of the policy framework governing Local Houses of Traditional Leaders and KhoiSan Leadership and their collaboration with municipalities.

In response, Executive Mayor Bahula recommitted the district municipality to maintaining and strengthening its relationship with traditional leadership. She undertook to engage MEC Shayi directly on the concerns raised, including the need for support towards the official inauguration of the Local House of Traditional Leaders.

Earlier on the same day, the Executive Mayor engaged communities in Ga-Phaahla Village in Makhuduthamaga Local Municipality (MLM) Ward 24, led by Kgoši 'Ngwato' Letsiri Phaahla, where she appealed for cooperation and community participation in a planned major road infrastructure project.

The 18,7km Phaahla to Masehlaneng Road Project, implemented by Makhuduthamaga Local Municipality, is expected to commence soon, starting with 2.5km of Phase 1. The project is set to bring much-needed mobility and relief to Ga-Phaahla and surrounding communities that have long struggled with poor road access.

This isn't a story, **it's a journey.**

I'm Lindokuhle Ngwane, a 23-year-old trainee engineer specialising in metallurgy at Glencore Thorncliffe Mine in Steelpoort.

In high school, I dreamed of a career in medicine, never imagining that would change. But when my school introduced me to Glencore's engineering scholarships, my interest in chemical engineering was piqued. I was fortunate to receive a Glencore sponsorship, opening doors to a new future.

Five years of study, delayed by the pandemic, brought challenges and triumphs. Glencore's support, covering everything from tuition to a laptop allowance, encouraged me to persevere. As part of Glencore's graduate programme, I underwent in-service training and, with mentorship, became a metallurgical engineer in training. Each day, I navigate projects, reports, and fieldwork, driven by a desire to excel.

As I journey towards becoming a metallurgist, I'm grateful for the support from my family, community, and colleagues. I am determined to unlock my full potential.

Police sergeant kills a man, then commits suicide

The police in Tubatse are investigating a murder and inquest cases after a police sergeant allegedly shot a man and then turned the gun on himself.

GA-MASHAMOTHANE

The police in Tubatse have opened cases of murder and rape, as well as an inquest, after a shooting incident that left two men dead, including a police sergeant, and a 14-year-old girl allegedly sexually assaulted on Sunday 27 September 2026.

According to Colonel Malesela Ledwaba, Limpopo Provincial Police Spokesperson, the police were alerted to a shooting at Ga-Mashamothane Village at around 15:30.

"Police members responded and found a 32-year-old man lying on the ground with gunshot wounds. He was certified dead at the scene by Emergency Medical Services," said Ledwaba.

He said it is alleged that the victim and a police sergeant stationed at Mecklenburg SAPS encountered each other while driving along a narrow road and a dispute ensued. The sergeant allegedly shot the man with his service firearm and left the scene.

"The suspect allegedly drove to his residence in Ga-Masha with a 14-year-old girl who had been accompanying him. It is alleged that the minor was sexually assaulted at the residence. Shortly afterwards, the sergeant allegedly fatally shot himself with his service firearm," explained Ledwaba.

He said the Independent Police investigating Directorate (IPID) has been notified and will handle further investigation.

Provincial Commissioner of the Police in Limpopo, Lieutenant General Jan Scheepers, condemned the incident.

"Police officers are entrusted with firearms and are expected to uphold and enforce the law. Where a member is alleged to have acted contrary to the law, the circumstances must be thoroughly investigated and the appropriate processes must follow. We extend our condolences to the family of the deceased and assure the affected minor that she will receive the necessary support," said Scheepers.

BPSA to build access bridge for stranded Dikgalaopeng pupils

Residents of Dikgalaopeng Village are concerned about lack of access bridge in fear of school children and community members who cross the overflowing river.

DIKGALAOPENG

Scholars from Dikgalaopeng Village in Elias Motsoaledi Local Municipality (EMLM) Ward 25, are struggling to get to school as the rainy season begins, with no safe bridge to cross to the other side of the village where their school is situated.Residents say they have on several occasions approached the EMLM to request a bridge, but their pleas fell on deaf ears.

The dire situation was spotted by residents, who then approached the head office of the Bolsheviks Party of South Africa (BPSA) for intervention.

The BPSA has now resolved to construct a crossing bridge using its own material to ensure the safety of learners of Dikgalaopeng.

BPSA EMLM Ward 25 Councillor Candidate, Eric Nkadimeng, said the party was touched by the community's frustration."The community of Dikgaupeng at Ward 25 has been raising this issue for a long time. It is true that residents have tried on several occasions to seek a bridge. As we are now entering the rainy season, the situation has become more dangerous for our children who have no bridge to cross to the other side to access the school," said Nkadimeng.

He added that the municipality is aware of the infrastructure backlog in the area and did nothing to aid the struggling community.Meanwhile, the Bolsheviks Party confirmed that it is currently finalizing budgets and its team will soon be on site to build a temporary but safe crossing bridge for learners.

"We cannot watch our children risk their lives crossing unsafe rivers just to get an education while the municipality looks away. The Bolsheviks will construct the cross bridge with our own material for the safety of the learners of Dikgalaopeng," Nkadimeng said.

According to parents and community members, children are forced to wade through rising water during heavy rains, often arriving at school with wet uniforms and damaged books.

Some learners are forced to miss school completely when the river overflows. Residents also allege that a resident was once swept away after heavy rains while trying to cross, an incident they say highlights how dangerous the crossing has become.

Parents in Dikgaupeng welcomed the BPSA intervention, saying it will restore dignity and ensure that no child has to risk their life to access education.

Construction of the bridge is expected to begin in the coming days once engagements with traditional leadership are concluded. The Elias Motsoaledi Municipality is yet to respond to the publication's enquiries.

Philadelphia Hospital in deplorable state

DENNILTON

The Bolsheviks Party of South Africa (BPSA) has condemned the Limpopo Department of Health, over what it calls deplorable sanitation and safety hazards at Philadelphia Hospital in Dennilton.

The party said photographic evidence and reports from patients and visitors show the regional hospital has deteriorated into a health hazard, with overflowing refuse, illegal dumping and overgrown vegetation surrounding the wards. The party raised concerns after a snake was killed on the hospital grounds during visiting hours recently, stating that overgrown grass and accumulated rubbish have created a breeding ground for pests and dangerous reptiles.

"Healthcare is a constitutional right, not a privilege. Allowing a regional hospital to deteriorate into a dumping ground frequented by dangerous reptiles is a clear manifestation of administrative complacency, political neglect, and institutional decay," BPSA leader Seun Mogotji said.Mogotji said the conditions at the hospital threaten the safety and dignity of patients, families and health workers.

According to Mogotji, outdoor skips and dumping areas have been left overflowing with uncollected waste, while large piles of discarded construction material and scrap line the exterior walls of the facility.

He said the party has demanded immediate intervention from the MEC for Health and the management of Philadelphia Hospital.

The demands include the immediate de-bushing and environmental cleanup of all wards and access corridors, professional pest and snake control across the hospital grounds, a routine and enforceable waste management schedule, and an independent audit into the hospital's maintenance budget.

Mogotji said there must be consequence management for officials who allowed the facility to reach its current state.

The Limpopo Department of Health had not responded to the allegations at the time of publishing.

MEC for Sports, Arts and Culture in Limpopo, Bella Kupa-Mabuza, officially joined the opening ceremony of the 2026 Limpopo Provincial Indigenous Games.

NKOWANKOWA

Mopani District has emerged as the overall winner of the 2026 Limpopo Provincial Indigenous Games, which concluded on Friday 25 September 2026 at Nkowankowa Stadium.

The three-day tournament brought together all five districts of Limpopo, Mopani, Capricorn, Waterberg, Vhembe and Sekhukhune, competing in six traditional codes, Diketo, Morabaraba, Kho-Kho, Drie Stokkies, Jukskei and Kgati.

Individual winners in each code were awarded gold, silver and bronze medals for their excellence, while the overall provincial trophy went to Mopani District. Capricorn District finished second, followed by Waterberg in third place, Vhembe in fourth and Sekhukhune in fifth.

The Head of Department for Sport, Arts and Culture in Limpopo, Veronica Mokgonyana, commended the organizing committee, team leaders and participants for their dedication and successful execution of the games.

She encouraged all districts to continue taking indigenous games to greater heights and expressed Limpopo's ambition to host the National Indigenous Games.

Representing the National Department of Sport, Arts and Culture, Mr Maleka praised Limpopo for demonstrating a high level of excellence in hosting and coordinating the Provincial Indigenous Games.

The event, held during Heritage Month, reaffirmed the role of indigenous games in promoting heritage, unity, culture and social cohesion.

The department said the games remain a key platform for preserving African identity.

Morabaraba was among traditional codes played during the 2026 Limpopo Provincial Indigenous Games.
